

TECHNICAL ASSISTANCE PROJECT FACTSHEET

Project Name:	Red de Aprendizaje sobre Eficiencia Energética		
TAP Number:		Start Date:	11/1/15
Project Location:	Coahuila, Mexico	Completion Date:	01/18/18
Project Sponsor:	Comisión Estatal de Agua y Saneamiento / GIZ	Closeout Report Date:	02/1/2021
TA Fundamental Objective:			
Implement a collaborative methodology for improving the efficiency of operations, energy and other, for a group of water utilities in the State of Coahuila.			
TA Scope:			
Implementation of an Energy Efficiency Learning Network, initially with 14 water utilities from various areas of the State of Coahuila. The activities included a diagnosis of their operations and energy efficiency (EE), follow-up meetings and analysis. The participants committed to implementing various EE measures, including operational improvements, equipment replacement, enhancement to existing installations and tariff changes.			
The Results			
Outcomes		TA FUNDING: US\$	
Combined overall savings of \$2.7 million pesos per year.		TA Approved:	\$121,000
22 personnel certifications		Contracted:	\$94,450
		Disbursed:	\$87,607
Sources of Funding:			
Outputs Final designs for installation improvements <ul style="list-style-type: none"> • 14 training/follow-up meetings • Energy diagnostics for 14 water utilities • Water audits for 13 water utilities 		JTAP:	40,000 (plus second phase aprox another 50)
		Other Funds:	102,000 (GIZ, KFW/GITEC)
		Total:	
Benefited Population:	890,000 people served by the 14 water utilities
